## COSEQUIN® FOR CATS

Nutramax Labs.

*Original Researched Brand*

### **Natural Chicken & Tuna Flavored Sprinkle Capsules for CATS**

**(With other natural flavors)**

**#1 Veterinarian Recommended Brand ▼**

#### **RECOMMENDATION as a supplement for cats:**

Initial Period - 4 to 6 weeks

Under 10 lbs. - 1 capsule sprinkled on food daily

Over 10 lbs. - 2 capsules sprinkled on food daily

Capsules may be given once or twice a day depending on your cat's feeding schedule.

Once desired response is obtained, capsules may be administered every other day to maintain your cat. Number of capsules administered may be increased at any time depending on your cat's needs.

If your cat eats dry food, the food may be moistened with a small amount of water so that the powder sticks. Alternatively, the contents of the capsules may be mixed with a small amount (i.e., tablespoon) of wet or moist food to ensure your cat eats the entire amount.

Cosequin® DS is available for dogs in tasty chewable tablets.

#### **GUARANTEED ANALYSIS - EACH CAPSULE CONTAINS:**

Glucosamine Hydrochloride† minimum	125 mg *
Sodium Chondroitin Sulfate† minimum	100 mg * ▲
Manganese minimum	1 mg◆

**Ingredients:** Glucosamine hydrochloride (derived from shellfish), sodium chondroitin sulfate (derived from bovine cartilage), gelatin, natural chicken flavor, natural tuna flavor, water, manganese ascorbate, mixed glycosaminoglycans, magnesium stearate, titanium dioxide, FD&C Red #3, sodium lauryl sulfate, and FD&C Blue #1.

\*Not recognized as an essential nutrient by the AAFCO Cat Food Nutrient Profiles.

†Cosequin® contains FCHG49® Glucosamine Hydrochloride and TRH122® Low Molecular Weight Sodium Chondroitin Sulfate, Nutramax Laboratories® exclusive veterinary researched specifications.

▲ Reported on a hydrous basis.

◆ From Manganese Ascorbate.

This product is in a capsule to ensure an accurate amount is administered to your cat.

Store in a cool, dry area out of direct sunlight. Keep out of reach of children.

▼ Source: Surveys conducted in October 2001 March 2004 and February 2007 of small animal veterinarians who recommended oral joint health supplements.

Cosequin® is a product of Nutramax Laboratories®.
