EPI-OTIC® EAR CLEANSER

Virbac

FOR DOGS, CATS, PUPPIES, AND KITTENS

DERMATOLOGY

CLEANSING

DRYING

NON-IRRITATING

Fresh Apple Blossom Fragrance

EPI-OTIC® Ear Cleanser with Spherulites® is a non-irritant ear cleanser formulated to remove crust and excessive cerumen.

SPHERULITES: an exclusive and patented encapsulation system developed by Virbac; provides slow release of ingredients long after product application.

Chitosanide: a natural biopolymer that creates a protective film on the skin and hair. This reinforces the hydrating and restoring effects of the formulation, helping to protect the skin against damage from the environment.

USES

EPI-OTIC Ear Cleanser may be used for routine ear cleansing in healthy ear canals or prior to administration of other ear preparations in the treatment of otitis externa. It may be used in dogs and cats of any age.

CONTAINS

Water, propylene glycol, lactic acid, Spherulites, docusate sodium, salicylic acid, PCMX, dimethicone, fragrance and FD&C blue #1. Lactic acid and salicylic acid are present in encapsulated (SPHERULITES) and free forms. Chitosanide is present in encapsulated form.

DIRECTIONS FOR USE

Shake well before use. Turn the white nozzle to open the product and then apply liberally into the ear canal. Gently rub the base of the ear and then wipe the interior of the ear flap with cotton or cloth moistened with **EPI-OTIC** Ear Cleanser.

Frequency of use: From two to three times a week to daily for routine use, before each ear treatment in the case of otitis externa, or as directed by your veterinarian.

WARNING

Keep out of reach of children.

CAUTION

For animal use only. For topical use only. Avoid contact with eyes. In case of contact, flush eyes with water and seek medical attention if irritation persists. Do not use in ears with ruptured tympanic membranes (eardrums).

AVAILABLE THROUGH LICENSED VETERINARIANS ONLY
